USING THE 2012 TDLC DATABASE

Once again the TDLC Database boasts enhancements toward increased user-friendliness and compliance with NSF report requirements. The majority of the 12 active Tables are presented for you to log any and all publications, awards, activities (as leader), research highlights resulting from TDLC funding or membership.

Below you will find the Master List of Tables, together with the Designated Users for each, and following the list, concise instructions specific to each Table.

RETURNING MEMBERS: You will see that most of the 2012 Tables are empty. Only Research Participants, Outreach and Other Partners, IRB Approvals, Proposed Projects and Budget, and Placements contain data. However, you may browse 2011 Tables and copy (if needed) activities, publications, awards, etc. by clicking 2011 at top of page of desired Table.

THANKS!

Again, this more user-friendly, easier-on-the-eye database with fewer glitches and confusions
owes much to Gary Cottrell, Andrea Chiba, Chien-yi Hou, Carolan Gladden, Rachel Weistrop,
Shelley Marquez. And, yes, it remains a work in progress, so please send any suggestions you
may have for improvement.

Thank you all very much for ALL you do!
