   • 7:30 - 8:10 – Tim Mullen “The Source Information Flow Toolbox: An Electrophysiological Information Flow Toolbox for EEGLAB”
   • 8:10 – 8:30 – Alex Simpkins “TBD”

TRANSPORTATION

Out of Town Attendees:
Taxis from the Yellow Cab company have been ordered for pick-up at the Sheraton Hotel at 2:45 pm on the 26th. Carol Hudson (a TDLC staff member) will be in the lobby with a sign, gathering Fellow Retreat attendees for the transition to the taxis, since the taxis will be shared and we want to make sure everyone is accounted for.

Local Attendees:
Option 1) There is an SIO shuttle from the main campus that departs every quarter hour and stops right in front of the Martin Johnson House (Last departure is at 9PM). More information: http://blink.ucsd.edu/facilities/transportation/shuttles/SIO.html

Option 2) For local drivers who agree to carpool, we have a limited number of reserved parking spaces near the Martin Johnson House that you can use. This requires that you inform Andrew (akovacev@eng.ucsd.edu) first, so that he can direct you to the parking space location.

Option 3) On your own… If you elect to drive and won’t be carpooling, there is limited parking available on La Jolla Shores Dr. See the attached map.

If you have any transportation questions, please email Andrew (akovacev@eng.ucsd.edu).

*Additional information: Please dress in layers as the temperature can drop drastically in the evening.
