WELCOME AND THANK YOU FOR YOUR PARTICIPATION!!

ADDRESSING OUR SHARED QUESTIONS:

• What should be the 5-year goals, 10-year goals, 20-year goals of our collaboration?

• How can a global network of scientists, practitioners, policy experts, and philanthropists work together to share and build existing knowledge?

• How can we accelerate and extend the Science of Learning (SoL) for the good of children, education, and society, by developing an understanding of the extent to which it can be generalized across contexts and cultures?

• What infrastructure is suitable for supporting an ecosystem in which the SoL goes beyond a simple translation model for effectively impacting policy and the classroom?

WEDNESDAY - SEPTEMBER 26TH, 2018

8:30 - 9:45 AM BREAKFAST, REGISTRATION, & MEET AND GREET

9:45 - 10:10 WELCOME & INTRODUCTION | SETTING PURPOSE OF MEETING & INTRODUCING COMMUNITIES
