

Mozart & the Mind THIS IS YOUR BRAIN ON MUSIC

Tim Mullen, Artistic Partner

Sponsored by

ViaSat

Mozart & the Mind is a thoughtfully curated intellectual and artistic journey that explores the impact of music on our brains, health, and lives. International pioneers in the fields of science, medicine, and the arts share contemporary research through informative presentations, interactive installations, and live performances.

SATURDAYS, MAY 10, 17 & 31 | The Auditorium at TSRI – 10620 John Jay Hopkins Drive, La Jolla

May 10

5:00PM – HOW RHYTHM SHAPES SOCIAL BEHAVIOR IN CHILDREN

Dr. Laurel Trainor

Director of the McMaster Institute for Music and the Mind (Toronto), Dr. Trainor's work on the effects of musical training on the brain was rated one of the top 50 scientific discoveries of 2006

6:00PM – FREE MUSIC AND THE BRAIN EXPOSITION

Interactive music exhibits and ground-breaking neurotechnology: navigate an active brain in 3D virtual-reality, compose music reflecting your cognitive state, join others in creating visual networks of rhythmic synchrony; and more!

7:30PM – SPOTLIGHT CHAMBER MUSIC CONCERT

Anne-Marie McDermott & Stephen Prutsman perform Mozart, Saint-Saëns, Ravel, & Prutsman

Dr. Laurel Trainor

Dr. Concetta Tomaino

5:00PM – THERAPEUTIC ASPECTS OF MUSIC AND BRAIN FUNCTION

Dr. Concetta Tomaino

Internationally renowned for her research in the clinical applications of music and neurological rehabilitation, Dr. Tomaino is co-founder of the New York based institute for Music and Neurological Functions and lectures on music therapy throughout the world.

6:00PM – FREE RHYTHM & THE BRAIN PERFORMANCE

Mickey Hart & Dr. Adam Gazzaley

Join Grateful Dead percussionist Mickey Hart and Dr. Adam Gazzaley on a fascinating tour of rhythm and its role in life and the very core of brain functioning. Participate in a unique Rhythm Experience, as we journey with Mickey into the rich sonic-visual worlds of NeuroDrummer and The Glass Brain.

7:30PM – SPOTLIGHT CHAMBER MUSIC CONCERT

Orion String Quartet & Windscape perform Mozart, Beethoven, & Bach

Mickey Hart

May 17

Dr. David Rosenboom

5:00PM – CONCURRENT COMPLEXITY: LINKED BRAINS AND MUSICAL FORMS

Dr. David Rosenboom

Composer, performer, author, and educator, David Rosenboom, is internationally recognized as a pioneer in American experimental music, exploring spontaneous evolution of musical forms, interactive multimedia and musical interface with the human nervous system.

6:00PM – FREE RINGING MINDS PERFORMANCE

David Rosenboom, Alex Khalil, & Tim Mullen

"Audience-as-performer" is central to Ringing Minds. In this interactive performance, audience members' collaborative brain responses influence a spontaneous electronic and acoustic music composition, performed by Rosenboom and Khalil.

7:30PM – SPOTLIGHT CHAMBER MUSIC CONCERT

Kavafian, Beilman, Neubauer Chen, Wiley, & Kim perform D'Ambrosio & Brahms

May 31
